The January-February Edition?

Can-Am Editor, John Magee

The sharp-eyed among you may have noticed that the date for this edition is January-February 2024, not just January. This is because the Can-Am Connection is returning to its old schedule of 10 issues per year.

We were a full monthly production for a few years after our move to an electronic version, since we no longer had to worry about mailing costs. And during the Covid pandemic a more regular cadence in the winter seemed helpful, though we still promised "10 times a year" in our masthead.

But off-season news is often a bit scarce. I talked it over with the *Can-Am* staff (my beagle Benny) and we decided that it would be better to provide 10 good issues than eight good ones and four thin ones. Our other two-month issue will be November-December. We'll see how it goes.

In the meantime, keep an eye on your email inboxes for an extra update or two such as more detail on the hibernation party. We'll still keep you informed in 2024, just on a slightly different cadence.

Happy New Year Everyone,

I hope everyone had a good holiday and that Santa was good to you. It was a nice quiet New Year at the Bade household and without naming names I will say that only 1 of us and the dog actually stayed up to see the ball drop. Not the same as when we were younger celebrating with the champagne and party poppers.

We had a nice turnout for our December US meeting and had some very tasty treats that were brought in- including some MG cookies. Thank you to Dave Larson for bringing those goodies. As in the past everyone was extremely generous in their donations for Toys for Tots and the food donations for C.A.R.E.S. The donations filled the table, spilling to cover some of the floor and numerous volunteers helped Russ load his vehicle. You guys are the best! Thank you also to Russ and Marlis for delivering our bounty to both destinations-they said that everyone was thrilled with the donations.

With the new year comes the voting for the 2024 Board of Directors. We will be sending out an email blast shortly with the instructions and the link to place your ballot. Please respond by the date listed so that we can verify and finalize the election at the February 14th AGM. Your vote is much appreciated.

Thank you to Jim Trofin for his article-it is nice to hear from one of the founders and as he said it is wonderful how the club has grown. Thank you to the 4 gentlemen that started this fine club and to our members for making it what it is today. I also love the models he is working on now-nice pictures.

Mark your calendars for Sunday March 17th 12:00-3:00pm for our 2024 Hibernation Party Luncheon at Wixom Station. The flyer with details and the information for you to RSVP and prepay will be sent out in an email to you all soon.

The January US meeting is Wednesday the 10th at G. Georges once again and the Natter & Noggin the following Wednesday. Please come out and join us.

Please stay safe, warm & healthy!!

Holiday Revelry Wraps up 2023 for the Windsor-Detroit MG Club

Story by John Magee
Photos by Mary Weakley and John Magee

A good time was had by all at our 2023 holiday party and December monthly meeting at G. George's in West Bloomfield. Once again this year we collected a literal truckload of toys and food for the Toys for Tots gift collection and the C.A.R.E.S. food drive.

Thank you to Russ and Marlis LaFevre for providing the truck and for hauling everybody's generous donations to their destinations.

The celebration gained tasty treats thanks to Dave Larson's MGB cookie wizardry. What's better than owning an MG? Nothing, frankly. But an MGB that you can eat comes close!

Aside from the usual monthly reports, the meeting also included an update on our 2024 Board of Directors election, which will begin this month and once again use online voting. Although most of our officers are willing to serve another year, Treasurer Vince Lacroix has moved to northern Michigan. So we're looking for a new treasurer. It's a pretty easy gig — we don't have much money — so if you'd like to help keep our club afloat, please contact Vicki Bade for details.

Thank you, everybody, for you contributions of food and toys. And thank you all for another warm year of MG camaraderie and community. Here's looking forward to more fun with little British cars in 2024!

Octagonal Time in the Heart of Ohio — Newark, Ohio June 17th-21st, 2024
North American MMM Register (NAMMMR) national meet
North American MGA Register (NAMGR) regional meet

The Ohio Chapters of the MGTs and the BuckAyes of NAMGAR invite ALL MGs and their owners to have an Octagonal Time in the Heart of Ohio at the Cherry Valley Hotel in Newark, Ohio June 17th-21st, 2024. Why will it be an Octagonal time? One reason is that the hotel has been built in the shape of two octagons, our favorite shape! The Cherry Valley Hotel is located between Newark and Granville; it is in the Best Western Premier Collection. These small communities are surrounded by many superb MG roads. Including Athens County's Windy 9, meant to be driven by our MGs. During this event the NAMMMR will hold its national meet and NAMGAR will hold a regional meet. There are plenty of things to see and do, it will be an MG Gathering of the Faithful you won't want to miss! MG is the Marque of Friendship.

Windsor-Detroit MG Club Annual Elections 2024

The Windsor-Detroit MG Club bylaws require that elections must be held every year for the following positions:

- President
- Vice-President
- Secretary
- Treasurer

As we have done in recent years the board will again be asking members to vote on-line to provide the best access to the election for our members.

The current board has agreed to carry on their positions for 2024, with the exception of Treasurer Vince Lacroix, who has moved to northern Michigan. If you are interested in running for the treasurer position please contact Vicki Bade for more information on the position and its duties.

Under our bylaws anyone that would like to nominate someone for any of the positions may do so with their vote.

The process takes very little time and we do not have any other items to vote on this year. We will send an email with a link for voting shortly after our Wednesday, January 10, monthly meeting.

The Annual General Meeting (AGM) will be held on the US side at G. George's restaurant Wednesday February 14th. There the results will be made official, so please have your ballots completed by Monday February 5th to give us time to tabulate the votes.

U.S. Side Meetings

January

Join us at G. George's in West Bloomfield! The restaurant is located on the northwest corner of Northwestern Highway and Orchard Lake Rd. The driveway is accessed from the north side of Northwestern Highway, so that's your best bet.

Location
G. George's Restaurant

We'll be at G. George's again. Let us know if there's another place we should try.

This month's MG Logic Problem by Jim MacArthur

LOGIC PROBLEM – GUY'S GARAGE

Our club member Guy has been repairing British cars for more years than he cares to remember, but because he is so good at what he does, five different WDMGC members brought their cars to him this week for repairs. Spring is here, and since all five members neglected to do these repairs over the winter (go figure!), they panicked and pleaded with Guy to fix them as soon as possible. Being such a kind-hearted soul, he did. Each member took his or her car to Guy on a different day, and each car needed a different repair. From this information and the following clues, can you determine each member's name, car, repair problem, and day it was done?

(1) Guy repaired Roxanne's car at least 2 days before he replaced the radiator hose, and the day after repairing the MGB.
(2) The thermostat repair was done on a man's car.
(3) John took his car to Guy one day before the MGA was repaired, and one day after Heide's (who did not drive the MG 1100).
(4) Guy repaired Marcia's car (which did not have the muffler problem) some time before fixing the Midget, and exactly one day after replacing the starter.

The chart is to help you record all information obtained from the clues. I suggest using an X to indicate a definite "no" and a dot to show a definite "yes". Remember, once you enter a definite "yes" (dot), place a "no" (X) in all the rest of the boxes in each row and column that contains a dot.

Purchased the car April 2021 from 2nd owner for $7,700. I have spent approximately $5 k in seals, gaskets, brakes, muffler, starter, water pump, thermostat, etc. About the only area that i have not addressed is the convertible top, it has a couple of small tears, but very functional and looks great. If we find someone willing to buy, I will trailer it down to the Detroit area. Asking for no less than $9500. Contact Bob Wiedmaier, cell: 734-355-5356 or at wiedmaierrobert@gmail.com (July 2023)

1975 MG Midget, $5,100

I have a 1975 MG Midget with approximately 42,000 miles on it. Purchased about 20 years ago. Driven for several years (just around town) but has been in our garage for the last several years. Recently put new rear brakes and clutch cylinders on. However it has not been started in nearly 2 years (so probably needs a tune up/ engine work). The car itself is in great condition. Please reach out with any questions. Thank you for your consideration.

Solution to this month's MG Logic Problem by Jim MacArthur

LOGIC PROBLEM SOLUTION – GUY'S GARAGE

Since the car brought in on Friday wasn't Roxanne's (clue 1), Heide's or John's, (clue 3), or Marcia's (clue 4), it was Bob's. The car repaired on Monday wasn't Roxanne's (clue 1), John's (clue 3), or Marcia's (clue 4), it was Heide's. By clue 3, John brought his car to Guy on Tuesday, and Wednesday's repair was the starter. By clue 1 then, Tuesday's car was the MGB, Roxanne's car was Wednesday's, and Bob had the radiator hose repaired. John's car, then, needed the thermostat (clue 2). By clue 4, Roxanne's car needed the starter, Thursday's car was Marcia's, and Bob's car was the Midget. Since Heide didn't drive the Midget (clue 3), her car was the Morris. Since Marcia's car didn't have it's muffler repaired (clue 4), Heide's did, and Marcia's needed the generator.
