NAMGAR GT-40, Frankenmuth, MI.

Story and photos by Rick Astley, Jeff Zorn & Mary Ellen Weakley. (Thanks for the submissions)

The NAMGAR GT-40 was held June 15th-19th at the Bavarian Lodge in Frankenmuth and our friends from the Michigan Rowdies, who organized it, can be congratulated on putting on a great event. Someone had good connections too because, save from a few evening showers, the weather was splendid throughout.

Of course, many of the Rowdies are WDMGC members too, including Gordie and Tracey Bird who played a significant part in making sure everything ran smoothly and everyone had a good time.

Among the presenters in the Technical Sessions were our own Doug Butcher and Rick Astley who spoke on the subjects of Tyres and Electrics respectively
